WELCOME TO OLD MILL BUILDING PRODUCTS

2024-2025

we pride ourselves on creating innovative and high-quality solutions for both residential and commercial building needs. Our extensive range of products includes the revolutionary Panel+ Wall System and the versatile Brickwebb, each designed to offer unmatched efficiency, aesthetic appeal, and durability. Our commitment to excellence and innovation has positioned us as leaders in the building products industry, providing architects, builders, installers, and business owners with the tools they need to bring their visions to life.

WHAT YOU WILL FIND IN THIS CATALOG

This catalog showcases a selection of our commercial project profiles, highlighting real-world applications of Panel+ and Brickwebb. You will see detailed case studies of various projects, including the challenges faced, the solutions provided by our products, and the stunning results achieved. Each profile includes high-quality images, project descriptions, and key benefits of using Old Mill Building Products, offering inspiration and insight into the versatility and effectiveness of our systems.

Whether you are an architect seeking design flexibility, a builder looking for cost-effective and efficient installation methods, an installer interested in robust and reliable products, or a business owner aiming to enhance your property's aesthetic and structural integrity, this catalog provides valuable examples of how Old Mill Building Products can meet and exceed your expectations.

We invite you to explore these project profiles and envision how Old Mill Building Products can elevate your next commercial project. Thank you for considering Old Mill Building Products as your trusted partner in building excellence.
